YMCA Fun Company had the pleasure of Having I AM INVISIBLE BULLYING . Executive Director Sharon Edwards and her team were amazing. The program is focused on anti-bullying. This program is needed in all Schools.

The program has a unique way of communicating to all age groups the importance of compassion and understanding for others. Children are shown effective ways to communicate in peace and acceptance. If you have the opportunity to introduce this program in your classroom or program; Do not hesitate!

Thank you once again!

Good day Mrs. Edwards,

I reviewed the program you all plan to present to your students here at Kenwood Middle School. It is absolutely wonderful and very relevant to the message we want to relay!!! Thank you so much for creating this presentation for our students to showcase Antibullying.

We are looking forward to the presentation and will have our Theater prepared for your arrival.

To update you, the Bullying Prevention Poster project has been presented to students, and we will select students and their work to showcase for the Antibullying Rally.

Thank you again for working with Kenwood Middle School to address such an important topic with our students. This is much appreciated, and we look forward to future collaborations.

Do everything with a good heart and expect nothing in return, and you will never be disappointed.

Remember - Sometimes what looks like an obstacle in your path is actually a gift meant to move you in a different direction!
